I think this is a very reasonable policy and society needed.

NOTE FOR: DDA

SUBJECT: Assignment Policy

My apologies for holding on to this
for so long.

I do have some problems with it.
In covering every assignment in the
Agency, the policy seems to reach too
far into the business of each directorate.
While we can probably say this about most
regulations/policies, in this instance
it is not at all clear to me why it is
desirable to have an Agency-wide rule.
Maybe we ought to discuss just what
the problem is that we are trying to
resolve, how wide-spread and debilitating
it is, and what advantages accrue from
an Agency-wide policy versus directorate
rules for handling it.
